Former Local Teachers Are Given Honor

Misses Eddie Hardy and Ruth Adams, retired teachers of this county, were honored at the annual Teachers' Association meeting held at the Appomattox high school last week.

The meeting was called by J. J. Hutson, chief of the tobacco section of the agricultural adjustment administration.

Among the speakers were Dr. J. A. Dickey, a representative of the administration, and John R. Hutcheson, of V. P. I.

Brought out at the meeting were the facts that this year's tobacco crop in the district is expected to total some twenty-five million pounds.

While last year's was only about fifteen million, this is expected to endanger the chances for prices being paid in the bright yellow market.

Rev. and Mrs. G. P. G. Peterson and daughter, Peggy, and Mrs. Margaret Butler, of New Hampshire, are visiting in the home of Mr. and Mrs. George F. Langran.

Mr. and Mrs. Clarence Poe, and daughter, Helen May, spent the week-end at the home of Mrs. Poe's father, Robert Babcock.

Mrs. Allen Carter and son of Tower Hill, are spending the week at the old court house with her parents, Mr. and Mrs. S. A. Ferguson.

Borzart and Contemporary Verse, one of the well-known poetry periodicals, has accepted for publication a poem by Mary Louise Gills, entitled "Transmutation."

W. M. Hancock and daughters, Mrs. W. W. Scott and Miss Jesselyn Hancock, and granddaughter, Little Miss Nancy Stuart Scott, have returned from a visit to Bluefield and Dulak.

Born to Mr. and Mrs. DuVal Hunter, at their home in High Point, N. C., a son, Herman Jones Hunter. Mr. Hunter was a former resident of this county and is a nephew of Misses Nina and Anna Jones, of this place.

William Harvey, of Oakville, had a narrow escape from death when his car was struck by a train near Lynchburg and completely demolished. Mr. Harvey was the only occupant of the car at the time of the accident, and he suffered no injury.

J. E. Staples is greatly impressed after a very severe illness from an abscess caused by a tooth.

The membership in the Junior Red Cross last year was 62,344 boys and girls in schools, private, public and parochial. They enjoyed volunteer work in hospitals and for epidemic, and also aided their fellow-citizens by providing attention for their own, purchasing their places, and giving many other types of service to them. Father DARKLEAF'S Column BY C.H.R.

"Uncle Charlie" Brown head doorman of the Appomattox Hotel, had three experience with the dark leaf. First, he was accused of taking a malicious sign on the office door of county agent R. B. Hudgins. He tried to shift responsibility for this to L. M. Wilkes, Dr. Christian and Dr. Swing to no avail.

Secondly, "Uncle Charlie" got into a trade of watches. It appears to Father Darkleaf that this he got the best of the deal, for he procured by trade a watch that winds with out a mainspring! "Uncle Charlie" claims that's something new under the sun and that the timepiece must be well over 100 years old. Maybe that's why it won't run.

Thirdly, "Uncle Charlie" took to reading the papers. Straightaway he espied an article telling of the first appearance of cherry blossoms. Remembering that there were cherry trees around the local hotel, he went out and, yes, there the trees were full of blossoms. Plucking a dainty blossom, he fetched same to Father Darkleaf, and it now reposes somewhat withered on our editorial desk.

Offhand, Omar the tent-maker, or most any Cassanova, esquire would opine that these experiences per week, is all the NRA would allow, but take 'em as they come, "Uncle Charlie."

It's tough enough to write puns, without having the proof-reader spoil the points to 'em. What we really wrote last week was that Grandfather Darkleaf offers that one's nose is in the middle of one's face because it is the center.

A brand new revelation concerning our distinguished fellow-townsmen Col. Joel Flood, was told Father Darkleaf this week. It seems that the Col. had an appointment to engage a local contractor to build a new house for him. The contractor, however, was not to be trusted, and the Col. was forced to build the house himself.

Tobacco Growers Name Committee Seeking Gov't Aid

Moses, Hall, Anderson on Committee Discuss Tax

Attended by over 700 tobacco growers, many of whom were from this county, a meeting of the Dark-Leaf Tobacco Growers Association was held in Farmville Tuesday in an effort to bring about parity prices for this year's crop when markets open November 28.

A committee of five was named to represent the growers in negotiations with the federal government. This committee is composed of: N. B. Davidson, Farmville; T. B. Hall, Buckingham; C. T. Moses, Appomattox; C. W. Farley, Amelia, and S. E. Anderson, Concord.

It was moved by resolution that the government decrease the three-year crop by twenty-five per cent of the crop for the past several years. This might be accomplished by means of crop-reduction contracts between the growers and the government, accompanied by a processing tax.

The meeting was called by J. J. Hutson, chief of the tobacco section of the agricultural adjustment administration.

Among the speakers were Dr. J. A. Dickey, a representative of the administration, and John R. Hutcheson, of V. P. I.

Brought out at the meeting were the facts that this year's tobacco crop in the district is expected to total some twenty-five million pounds.

New Canton In Hallow'en Program Tuesday

"No Depression On" Says Reporter

New Canton, Nov. 1.—Judging from the brilliant Hallow'en celebration held at the Marshall District high school last night, the so-called "depression" has about vanished from this industrial section. Besides others who attended, there were exactly 326 paid admissions at the door. This large throng made merry for several hours in the brilliantly lighted rooms and halls of this beautiful building, the delight of this entire section of the state.

The "Arionians," who are rapidly winning a reputation as broadcasters from station WHIC, of Charlottesville, furnished lively and inspiring music for the happy occasion. There was fortune-telling, fishing, costume contest and many other features which gave pleasure to young and old alike and out of the domestic scene room came one of the most beautiful sets in the county, of ham, chicken, salads of many kinds, pies, cakes, coffee, milk, ice cream and many other kinds of food.

Within a few days, the county will be organized preparatory to the annual roll-call and a big effort will be made to get a new high record for the membership obtained.

Marshall district school was built three years ago on one of the most beautiful sites in the county, between Arvonia and New Canton. It serves all of Marshall district and parts of State river and other districts. The building is strictly modern, with the very latest of heating and ventilating plants, with automatic electric water system, and with electricity for any purpose in every room. The grounds have been beautified by landscape artists who have planted shrubbery, built roads and paths, and laid athletic grounds. There are six acres in the plot. The faculty this year is an excellent one and school work is proceeding in a most satisfactory manner. There are about 300 children in the school, and 100 in the high school grades.

Rev. and Mrs. Coffey
